8 YEARS
160,000 km

DURABILITY TEST CYCLES

10 YEARS
240,000 km

¹ Targeted range calculated through Ford internal testing. Up to 254 km targeted driving range based on full charge of Transit City. Officially homologated driving range will be published closer to on-sale date. ² Figures given are based on Transit City. Actual charge times and charging speeds will vary according to the type of home or public charging station used, as well as other factors (including weather, ambient temperature, driving behaviour, driving profile, vehicle condition, lithium-ion battery age, condition, and temperature). ³ Max payload varies and is based on accessories and vehicle configuration. See label on doorjamb for carrying capacity of a specific vehicle. Always properly secure cargo. Cargo and load capacity limited by weight and weight distribution. ⁴ Requires phone with active data service and compatible software. SYNC does not control 3rd party products while in use. 3rd Parties are solely responsible for their respective functionality. Android Auto is a trademark of Google LLC. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. ⁵ Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations.
